Thanks Greg. Two of the residences (below) did not have phone numbers on the list you provided me. Is there any way we can obtain this information, or should we just email them?

Subject: Homewell sampling at Miller site

Brian, attached are maps of the homewells of people that have called DEP about the Miller site. Based on the location and geology of the areas, we are planning to do an initial phase of sampling of four wells closest to the site. These are the locations that are most likely to be impacted by the site, if there is any impact to groundwater. If we find issues at these locations, we can then expand the sampling. I will send you a sampling plan later today or tomorrow with the details. Weston will be contacting the homeowners for the initial round of sampling today. I plan to be at the site tomorrow afternoon to go along with them (although they may begin the sampling in the morning before I get there).

The four locations we are planning to sample are:
